

Maine Peace Walk Finale Event

Saturday, October 21

Noon to 2:00 pm

Waterfront Park Pavilion in Bath

Join us for food, speakers, music. Everyone invited.

Help us celebrate the conclusion of the 2017 Maine Peace Walk and give your support for the idea of ensuring that the future generations have a chance for life on Mother Earth by converting the military industrial complex to appropriate sustainable technology.

Studies at UMASS-Amherst Economics Department have long shown that producing commuter rail systems, offshore wind turbines, solar and tidal power would in fact create more jobs at facilities like BIW than we currently get building warships. Spending on education, health care, and other social programs also creates more jobs than does military production.

Maine Peace Walk is sponsored by: Citizens Opposing Active Sonar Threats (COAST); Global Network Against Weapons & Nuclear Power in Space; Maine Green Independent Party; Maine Natural Guard; Maine Veterans For Peace; Maine War Tax Resistance Resource Center; Peace Action Maine; PeaceWorks; Veterans For Peace, Smedley Butler Chapter (Boston area); Waging Peace Maine; Waldo County Peace & Justice; UUCB Working for Justice Committee; Portland Food Coop
